

## Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It  
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

	Describe in the field below how your CoC:
1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;
3.	invited organizations serving culturally specific communities experiencing homelessness in the geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

(limit 2,500 characters)

1. The CoC meetings both general membership and executive committee have an open invitation to anyone interested in attending. We broadcast these monthly meetings via our website, and weekly CoC email listservs.
2. Both CoC general membership and executive committee meetings are held on Zoom; should someone be deaf or hard of hearing a CART (Communication Access Real-Time Transcriber) can be added to provide closed-caption assistance; the ability to save closed-captioning assistance can also be automated through Zoom in the Settings.
3. We haven't been great at making sure all populations are invited and have an equal and easy time accessing Zoom CoC Meetings but we've changed that during the Covid pandemic. The CoC reached out to Naples Pride, the NAACP, the Farmworkers Coalition of Immokalee as well as community-based outreach in collaboration with our Sheriff's Dept Community Diversity Program. We are getting better at doing better.

<b>1B-3.</b>	<b>CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.</b>	
	NOFO Section VII.B.1.a.(3)	
	Describe in the field below how your CoC:	
	1. solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;	
	2. communicated information during public meetings or other forums your CoC uses to solicit public information; and	
	3. took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.	

**(limit 2,500 characters)**

1. This was a difficult step for the CoC; many, myself included, believed as homeless service providers we were the experts - turns out to be not true. Our CoC, including all CoC partners, have opened up to trainings like the National Alliance to End Homeless System Design Clinics, Florida Coalition to End Homelessness trainings, along with others to learn about Lived-Expertise. During 2020 we fully embraced the idea of others with expertise providing their input to both the CoC general membership and executive committees through open invitations to attend via Zoom. If nothing else Zoom has created a platform for all voices to be seen and heard during CoC meetings. We've learned a lot. In fact, in this years NOFO the CoC is putting forward the idea, via the Planning Grant application, of a Lived-Expertise Think Tank. We believe this next step will help us to continue in our growth of understanding and knowledge of those matters most pressing to persons experiencing homelessness.
2. We have an open invitation to anyone that wishes to join the CoC meetings; when a person who is experiencing homelessness wishes to join but cannot our Homeless Outreach Team meets them in the field with an iPad so they can have access. We announce all CoC meetings starting 2 weeks ahead of the meeting, then again 1 week before so everyone is noticed, including those experiencing homelessness.
3. We've brought persons experiencing homelessness to both public and private meetings so they may hear and tell of their journeys and barriers to housing success. The CoC has learned to listen better than we ever had in the past to their comments/statements - active listening has brought us to the idea of the Lived-Expertise Think Tank.

<b>1B-4.</b>	<b>Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.</b>	
	NOFO Section VII.B.1.a.(4)	
	Describe in the field below how your CoC notified the public:	
	1. that your CoC will consider project applications from organizations that have not previously received CoC Program funding;	
	2. about how project applicants must submit their project applications—the process;	
	3. about how your CoC would determine which project applications it would submit to HUD for funding; and	
	4. how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.	

**(limit 2,500 characters)**

1. The CoC encourages community and non-community based programs from the Southwest Florida Region to provide applications for preventing and ending homelessness in Collier County. Homelessness doesn't end at our borders so why should we not accept applications from programs around the region that are achieving positive outcomes in preventing and ending homelessness in Collier County. In this NOFO round we had 2 programs that have never entered an application in Collier before. We sought them out for their ability to affect homelessness and provide critical treatment services. Our CoC NOFO competition was the best its ever been; 10 different applications from 6 different providers bringing forward a great competition process. One of our Rank and Review Committee Members sent an email with their scores saying and I quote "this was hard". That's growth happening at the CoC - yes it's hard for applicants and reviewers alike when the competition instills something that causes tremendous thought to score and rank.

2. All NOFO application steps are trained on by a third party trainer from outside the CoC; the CoC posts the steps and timelines on the website and points to it weekly during the application process. First, the CoC offers trainings both for the CoC at-large and one-on-one per person/agency when desired by the applicant. Second, the trainer continues to offer technical assistance throughout the process including a training on E-Snaps. The CoC provides continual notices on its website of updates from HUD as they come out. Third, the applicants receive notices on the timeline (too short this year it eliminated some agencies from writing). Once the CoC decides on the timeline dates, congruent with HUD's notices, it helps the applicants with notices to ensure they meet the deadlines. The applicants are all made aware of the Rank and Review process and timeframe that committee has to review their applications and then the applicant is noticed by the Rank and Review Committee whether their application has met the CoC threshold via points scored to move on for submission through the Collaborative Applicant process.

3. The CoC uses a scoring tool to determine does the agency promote Housing First in its programming, are they effective in reducing homelessness and recidivism back into homelessness, and do they participate in the CoC and the CoC HMIS.

4. The CoC has used Florida Relay; we broadcast contact points to ensure access for all.

1. The Hunger & Homeless Coalition of Collier County (HHC) is the Lead Agency for homeless services as designated by HUD and Florida Dept of Children & Families (DCF). DCF funded the Lead Agency with ESG-CV funds, \$1,177,500 that HHC put out to the CoC to be used for homeless prevention, rapid rehousing, and outreach. HHC developed the budgets, oversaw the subrecipient agreements, monitoring's, and reporting as part of that process. The CoC approved this process prior to HHC accepting funds. We worked directly with persons experiencing homelessness to prioritize the funding and amounts to categories. In fact, through the Covid pandemic and the funding that came with it, HHC was able to move from a staff of 3 to staff of 8, 5 of those team members were hired from homelessness. Several of those persons now lead Coordinated Entry, Outreach, and Case Management as a result of those consultations. Best programming move HHC has ever done!
2. Along the way persons with Lived-Expertise have helped the CoC to review what worked and what didn't - from this came the idea of the Lived-Expertise Think Tank, our 2022 NOFO Planning Grant submission.
3. The CoC works with and provides PIT and HIC data to local county, state, and federal agencies. County government used PIT and HIC data to evaluate the Con-Plan as developed by the County. DCF receives our PIT and HIC data annually and uses it, along with other CoC's data, to inform the state legislature and governors office on crucial funding needed.

	NOFO Section VII.B.1.d.	

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

**(limit 2,500 characters)**

The CoC is a strong supporter of our youth programs; we write grants that help to send youth on to higher education and provide them with supports like dorm fees, technologies, and homeless prevention primarily through private foundations in our community. The CoC established a Youth Committee of the CoC to help youth bring ideas forward, request supports, and discuss planning for the CoC. The Collier CoC is the first CoC in Florida to put forth a youth for the Florida Coalition to End Homelessness Board. Our policy includes immediate notifications to the Youth Haven and Collier County School District Homeless Liaison's office of available funds for youth in education supports. We also post via the CoC and community-based Listserv's. The CoC Listserv contains 186 CoC partners including housing, health care, mental health care, food pantries and many other community-based service programs. The policy clearly provides for the support of those experiencing literal homelessness and or those residing in a youth shelter, and those as identified by the CCPS Homeless Liaison's office.

- |    |  |
|----|--|
| 1. | update CoC-wide policies; and  |
| 2. | ensure all housing and services provided in the CoC are trauma-informed and can meet the needs of survivors. |

**(limit 2,500 characters)**

1. The CoC provides a seat at both the CoC general membership and executive committee for domestic violence/human trafficking advocates. The CoC HMIS works with the Shelter for Abused Women & Children's Coordinated Entry, provided through the Dept of Children & Families WS Osnium data system, to coordinate those exiting shelter with access to rapid rehousing funds. To that end we work collaboratively to develop policies that allow for client level security while bringing needed resources; this collaboration includes trainings brought forth by the dv/human trafficking program to CoC which help us to understand the needs and methods by which services, programs, and funding can be approached.
2. The dv shelter program provides trauma-informed care training to the CoC annually; the CoC incorporates this training into policy which addresses Housing First and treatment programs that are offered with a client level security approach.

1C-5a.	Annual Training on Safety and Best Practices to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.

	2. Coordinated Entry staff that addresses best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).	

**(limit 2,500 characters)**

1. The dv shelter provides annual trauma-informed care training to the entire CoC. The dv shelter also provides the entire CoC with safety training, the same training staff at the dv shelter goes through; these trainings are provided annually to the entire CoC. We do these trainings via Zoom since mid-2020.
2. The dv shelter Coordinated Entry partners with the CoC HMIS Coordinated Entry (CE) to ensure persons experiencing dv/human trafficking have equal access to all CoC resources. The CoC HMIS CE is invited to the dv shelter CE trainings which cover trauma-informed care, safety planning, privacy and confidentiality trainings.

1C-5b.	Using De-identified Aggregate Data to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	
	Describe in the field below:	
	1. the de-identified aggregate data source(s) your CoC uses for data on survivors of domestic violence, dating violence, sexual assault, and stalking; and	
	2. how your CoC uses the de-identified aggregate data described in element 1 of this question to evaluate how to best meet the specialized needs related to domestic violence and homelessness.	

**(limit 2,500 characters)**

1. The dv shelter uses their own CE program via the DCF WS Osnum data system. The CoC HMIS CE enters dv victims anonymously should they request so. All CoC HMIS CE dv clients are advised of their right to be placed into the CoC HMIS CE data system anonymously - they are given the HMIS Security/Privacy Policy for review. The dv client is also advised they can withdraw their Release of Information in HMIS at any time. The dv shelter provides the CoC with monthly reports on de-identified data for the CoC to use for planning and delivery of CoC resources.
2. The CoC uses this data to evaluate system performance measures of the dv sheltering programs. Evaluation of their data provides the CoC with a road-map of integration of trainings and resources; what the CoC needs to do better to provide into the dv shelter program to create greater outcomes for its clients. Finally, it helps the CoC to evaluate the dv shelter for CoC HUD funding; does it continue or does it need to be reallocated.

1C-5c.	Communicating Emergency Transfer Plan to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.  NOFO Section VII.B.1.e.	
Describe in the field below how your CoC communicates to all individuals and families seeking or receiving CoC Program assistance:		
	1. the emergency transfer plan policies and procedures; and	
	2. the process for individuals and families to request an emergency transfer.	

**(limit 2,500 characters)**

1. The CoC will provide emergency transfer through either private transportation or through the Collier County Sheriffs Dept. The clients attestation of severity triggers the level of response; the CoC does pay for transportation costs when required. The CoC works with the Sheriffs Dept, local hospitals, EMS, and the dv shelter to offer the best transit solution for the client. Step one, again depending on severity, is to either call the dv shelter or the Sheriffs Dept to arrange for transportation; generally speaking this is done through the CoC Outreach Team, however, any CoC partner can also perform these steps.
2. Dv victims are informed at the point of contact of their options for emergency transfer and they make the choice. This is done verbally with the CoC point of contact.

1C-5d.	Access to Housing for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.  NOFO Section VII.B.1.e.	
Describe in the field below how your CoC ensures that survivors of domestic violence, dating violence, sexual assault, or stalking have access to all of the housing and services available within the CoC's geographic area.		

**(limit 2,500 characters)**

The CoC and dv shelter partner in both funding and policy development. The elimination of barriers to shelter have come through MOU's created with the Sheriff's Dept, CoC partners, and local hospitals - the dv shelter never turns anyone away who is seeking emergency dv sheltering. The collaboration between our dv shelter and CoC extends into our school district, state attorneys office, DCF, and even local dentistry professionals. All of the collaboration partners work to support the TH - PH - RRH support of the dv shelter via HUD CoC funding. The dv shelter is one of our highest performing, CoC funded, programs in Collier County. The goal of the dv shelter is to ensure all family members can stay together, be safe together, and be housed together. If the dv shelter needs CoC assistance with RRH or other supports its a phone call away. Together over the past year the CoC and dv shelter have collaborated on rapid rehousing assisting clients with both CoC RRH funding as well as DCF ESG-CV funding. The CoC served 71 dv households and 32 more households fleeing dv with CoC assistance; this is in addition to those rehoused directly from the dv shelter with HUD CoC funding. The CoC has prioritized victims of dv and human trafficking in the CoC for housing services.

1C-5e.	Including Safety, Planning, and Confidentiality Protocols in Coordinated Entry to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC's coordinated entry includes:	
1.	safety protocols,
2.	planning protocols, and
3.	confidentiality protocols.

**(limit 2,500 characters)**

1. All clients at the moment of disclosure of dv are advised of dv supportive services. The dv client is given options for referrals, transportation, and access to services; CE becomes driven by awareness for a quick and safe transition to safety.
2. Trainings and policy development comes through collaboration between the dv program and the CoC. The dv shelter, as experts in the field of domestic violence and human trafficking, bring awareness and guidance to the CoC so we may all collect the understanding and knowledge necessary to best serve persons experiencing dv. Implementation of CoC dv policy is driven by the dv shelter through strategic trainings.
3. The CoC seeks to align with and fully endorse VAWA's guidance on confidentiality for persons experiencing dv; the CoC follows the lead of the dv shelter and its CE policies to provide the utmost confidentiality. Confidential communications are made in oral or written processes and always in a confidential manner with written methods being subject to encryption as necessary. When a dv victim seeks outside resources a Release of Information or consent may be offered but is not required for access to those services. Anonymity of the dv client and their household always takes precedence over access to programs and services.

2.	how your CoC assisted providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination;
3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

1. The CoC has engaged Naples Pride and the Youth Haven programs in education and awareness of anti-discrimination policies; Collier County as a community under-supports compliance of anti-discrimination legislation with respect of LBGQTQ+ persons - the CoC has taken the position of whole-heartly supporting their needs for housing, services, and equal access to all CoC programs and services. We are actively listening and learning from persons from the LBGQTQ+ community and all persons who have been underserved due to color, race, ethnicity, gender, gender choice, housing status, age, religion, and disability.
2. We haven't achieved this to a great degree yet but are working in this direction rapidly with introduction of Naples Pride and the CoC's stance on anti-discrimination policies.
3. This is a work in progress; we have not achieved a fully developed policy other than to promote a clear and concise message of no tolerance for discrimination in our CoC. All CoC partners that wish to join and or "do business" with the CoC must have an implemented anti-discrimination policy.
4. A formal written notice would be sent to the program not in compliance with the anti-discrimination policy including that of the Civil Rights Act Title VII. If non-compliance were to continue immediate termination of CoC funding or any agreement/MOU would take place.

2.	the list of factors and performance indicators your CoC uses during its evaluation; and
3.	how your CoC regularly evaluates projects outside of the competition to ensure the projects are using a Housing First approach.

(limit 2,500 characters)

1. The CoC examines whether the programs claiming Housing First does; houses persons without barriers or stipulations like sobriety, they offer connectivity to treatment services unconditional of their housing experience, they offer rehousing assistance regardless of income status.
2. Access to housing regardless of income, sobriety, personal stability, Familia status, health, gender, gender identity, race, religion, ethnicity. We also evaluate on on immigration status to see if the provider is discriminating on this basis.
3. This process is done on application and or renewal of funding through the Lead Agency.

1D-3.	Street Outreach–Scope.	
	NOFO Section VII.B.1.j.	

Describe in the field below:	
1.	your CoC's street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;
2.	whether your CoC's Street Outreach covers 100 percent of the CoC's geographic area;
3.	how often your CoC conducts street outreach; and
4.	how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.

**(limit 2,500 characters)**

1. The Hunger & Homeless Coalition of Collier County (HHC), the Lead Agency, started a homeless outreach program March of 2020 because our community didn't have one and it appeared no agency wanted to start one. We sought private funding to start the program but more importantly we sought out persons with lived expertise to hire. Despite Covid HHC continued with its start-up and was fortunate enough to hire an Outreach Coordinator who is experiencing homelessness, who is an honorably discharged Navy Veteran, who work his recovery everyday still. We've made accommodations for him to attend AA meetings. He led the charge to grow outreach and today we now have two outreach coordinators, one Navy and one Army Veteran, both coming from homelessness. During 2021 HHC rehoused 260 from the streets - not bad for having a PIT Count of 568. Since starting outreach HHC has added 3 more staffers to support outreach; a case manager, a coordinated entry specialist, and an administrative assistant - 2 of those 3 were also hired from homelessness.
2. The Outreach Team covers 100% of the CoC.
3. The Outreach Team is on the streets Monday-Friday, and sometimes Saturday, from 830am-430pm.
4. HHC accomplished this by hiring two persons experiencing homelessness and then letting them develop procedures and policies that made sense. Administration learned to stay out of their way and bring resources and supports.

1.	systemically provides up-to-date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC's geographic area;	
2.	works with project staff to collaborate with healthcare organizations, including substance abuse treatment and mental health treatment, to assist program participants with receiving healthcare services; and	
3.	works with projects to promote SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.	

**(limit 2,500 characters)**

1. The CoC outreach, coordinated entry, and hmis intakes all ask about the clients current access to mainstream resources and includes access to SOAR.
2. The CoC Lead Agency brought SOAR training to 13 agencies in 2021 and 17 to date in 2022 including mental health care advocates; our SOAR training includes review of clients access to mainstream resources. Our goal for the remainder of 2022 is to bring SOAR to the health care providers in our county.
3. Well, 1 and 2.

1D-7.	Increasing Capacity for Non-Congregate Sheltering.	
	NOFO Section VII.B.1.n.	
	Describe in the field below how your CoC is increasing its capacity to provide non-congregate sheltering.	

**(limit 2,500 characters)**

During the height of Covid the CoC supported non-congregate sheltering through ESG CV Supports. Those funds have now been fully expended and we do have current resources to maintain this process. The CoC has identified this as part of our strategy for the Lived Expertise Think Tank.

ID-8.	Partnerships with Public Health Agencies–Collaborating to Respond to and Prevent Spread of Infectious Diseases.	
	NOFO Section VII.B.1.o.	
	Describe in the field below how your CoC effectively collaborates with state and local public health agencies to:	
1.	develop CoC-wide policies and procedures to respond to infectious disease outbreaks; and	
2.	prevent infectious disease outbreaks among people experiencing homelessness.	

**(limit 2,500 characters)**

1. The CoC has incorporated this into our Emergency Plan. We partnered with County and State Emergency Management to help develop our processes for response. The Collier Dept of Health also contributed into this plan for pandemic response.
2. The CoC, Emergency Management, and Collier Dept of Health now know we can partner on vaccination outreach; its been tested and although our most recent outing didn't produce the results we anticipated it did provide for a couple of persons. The Dept of Health activates the response system and notifies the CoC and Emergency Management which in turn begins the process to evaluate and plan for response.

ID-8a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section VII.B.1.o.	
	Describe in the field below how your CoC effectively equipped providers to prevent or limit infectious disease outbreaks among program participants by:	
	1. sharing information related to public health measures and homelessness, and	
	2. facilitating communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.	

(limit 2,500 characters)

1. The CoC received state and county emergency resources for distribution through the outreach teams. The CoC outreach along with Collier County Sheriffs Dept and the Collier County School District Homeless Liaison's office all coordinated the distribution of pandemic information.
2. The CoC brought the Collier Dept of Health to the CoC and Executive Committee meetings to educate the CoC on pandemic resources. Thousands of resources were distributed throughout the CoC because of these trainings during the pandemic.

1D-9.	Centralized or Coordinated Entry System–Assessment Process.	
	NOFO Section VII.B.1.p.	
	Describe in the field below how your CoC's coordinated entry system:	
	1. covers 100 percent of your CoC's geographic area;	
	2. uses a standardized assessment process; and	
	3. is updated regularly using feedback received from participating projects and households that participated in coordinated entry.	

(limit 2,500 characters)

1. Coordinated Entry adopted the no wrong door policy and trains all CoC members on the CE processes. The training takes place both in person around the county and via Zoom so all have access.
2. The CoC adopted a two Phase process for CE. Phase 1 is the Initial Access Assessment it asks the initial access point, referring provider, safety questions, housing type being sought, plans for living tonight, does client have any support networks available to them that the CoC can help them connect to, has the client identified housing. Phase 2 is a single 2-part assessment. The first part asks Needs of the client, the second part asks about impact of their current situation. These 2 parts are scored separately but in a combined total scores the client on the By Name List. Need Level Result is one score, and Impact Urgency Result is the other score.
3. Since deploying the Phase 1 and 2 system the CoC has developed a revised By Name List Committee which now includes the VA, RRH, HP, SSVF, and PSH housing providers. The initial committee was comprised of RRH and HP providers along with mental health care. During 2022 the By Name List Committee has achieved a 59.25% success rate of housing persons under 22 days with a goal by 2023 of 15 days or less. Additionally, persons with lived expertise serve on the By Name List Committee to review and advise on adjustments needed.

1D-9a.	Program Participant-Centered Approach to Centralized or Coordinated Entry.	
	NOFO Section VII.B.1.p.	

	Describe in the field below how your CoC's coordinated entry system:
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
2.	prioritizes people most in need of assistance;
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their preferences; and
4.	takes steps to reduce burdens on people using coordinated entry.

(limit 2,500 characters)

1. The CoC Coordinated Entry is led by the Coordinated Services Director (CSD) - the initial outreach coordinator the Hunger & Homeless Coalition of Collier County hired from homelessness. Driving this process has to be led from the perspective of lived expertise; the CSD leads the entire CE process ensuring people are receiving the access to housing and services they are seeking.
2. The By Name List Committee performs the review of the CE data - CE exports the By Name List data to the committee for staffing weekly. CE does not lead the By Name List, the CSD does. The questions on CE are certainly geared to serving the most vulnerable.
3. CE asks "what type of housing are you seeking"? The client drives their pathway through the CE process. Scoring of NEED and IMPACT determine their position on the By Name List Committee lists.
4. A client may ask for assistance completing the CE process at any point in time - we train on this routinely. The CoC continually works to support the clients answers/decisions toward permanent and or permanent supportive housing by offering as many options that are available including rapid rehousing funds with no barriers like income - we learned that from the National Alliance System Design Clinic training.

1D-10.	Promoting Racial Equity in Homelessness—Conducting Assessment.	
	NOFO Section VII.B.1.q.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	Yes
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	06/01/2021

1D-10a.	Process for Analyzing Racial Disparities—Identifying Racial Disparities in Provision or Outcomes of Homeless Assistance.	
	NOFO Section VII.B.1.q.	

Describe in the field below:	
1.	your CoC's process for analyzing whether any racial disparities are present in the provision or outcomes of homeless assistance; and
2.	what racial disparities your CoC identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

1. The HMIS Lead Agency along with the CoC with supporting external data performs a Racial Disparity Report every two years. The CoC has performed 2 reports since implementing this process; 2019 and 2021. The most recent report pointed to African Americans, who are homeless, experiencing greater poverty and gaps in social programs access. During the pandemic renters of color reported having less confidence in their ability to pay rent than any other population. The Covid pandemic is affecting renters of color differently, exacerbating past inequality, and leading the path to a future of worsening inequality. Persons of color are overrepresented as a proportion of the homeless population when compared to the general population. Persons of color are 5% less likely to exit into permanent housing than whites for example. The CoC understands disparities are one of the top priorities of our data and strategy planning. The NAACP has come to CoC and presented and invited the CoC to present to their gathering. The LBGTQ+ organization, Naples Pride, welcomed the CoC and forgave the CoC for not being with them sooner. The CoC and Naples Pride are partnering to bring more resources, education, and understanding to the needs of those in the LBGTQ+ community. Naples Pride is educating the CoC!

2. I need to learn to read ahead more. This question was answered in number 1 as well.

	NOFO Section VII.B.1.q.	

Describe in the field below the steps your CoC and homeless providers have taken to address disparities identified in the provision or outcomes of homeless assistance.

**(limit 2,500 characters)**

Reporting is easier than correcting the matters of inequality and inequity. The CoC has undergone trainings both brought by the CoC and received at the CoC through persons with life experiences. Our HMIS and CE are collecting data to help the CoC understand who is experiencing homelessness and their access to housing and treatment services as they need them. This data is reported monthly to the CoC with discussion about corrective steps to resolve the inequities being experienced. The CoC has brought and continues to bring trainings like Bridges out of Poverty to help all agencies understand languages of social and economic differences. Addressing both inequality and inequity has become a matter of priority in importance for the CoC.

1D-10d.	Tracking Progress on Preventing or Eliminating Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the measures your CoC has in place to track progress on preventing or eliminating disparities in the provision or outcomes of homeless assistance.

**(limit 2,500 characters)**

The CoC performs a Racial Disparity Report every two years to track progress. Additionally, we evaluate monthly HMIS and CE data at the CoC meetings to keep current matters in front of the CoC.

1D-11.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC’s Outreach Efforts.	
	NOFO Section VII.B.1.r.	

Describe in the field below your CoC’s outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decision making processes.

**(limit 2,500 characters)**

The Hunger & Homeless Coalition of Collier County (HHC) as the Lead Agency and HMIS Lead has led the process of identifying, developing and recruiting for position that persons with lived expertise lead. HMIS is led by a formally homeless, BIPOC, single mother. Coordinated Entry is led by a formally homeless, disabled, single father. HHC Case Management is led by a formally homeless young lady. Outreach is led and supported by two formally homeless Veterans, one living his recovery day-by-day. HHC believes persons with lived expertise are truly experts and they need to lead and be resourced accordingly to perform those incredibly important positions in the CoC. These leaders also serve on and report to the CoC. 7

1D-11b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

**(limit 2,500 characters)**

Much like the VA hires around preference - HHC has led CoC with a hiring preference of those experiencing homelessness. The CoC has not adopted such a policy but several agencies have hired from homeless including St Matthews House Emergency Shelter. Both HHC and St Matthews House provides for professional training and advancement opportunities. The Coordinated Services Director started with HHC as the first Outreach Coordinator and has been through trainings he desired to advance himself and now leads others on staff in the same manner.

1D-11c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC:

	1. how your CoC routinely gathered feedback from people experiencing homelessness and people who have received assistance through the CoC or ESG program on their experience receiving assistance; and	
	2. the steps your CoC has taken to address challenges raised by people with lived experience of homelessness	

**(limit 2,500 characters)**

1. The CoC brought independent survey tools through Hope One Source; they have been partially deployed and have only recently began collecting data on services received. Long way to go still.
2. Deploying a Change Theory approach the CoC is studying and taking steps that sometimes catapult us to steps we hadn't anticipated - this is healthy for and embraced by the CoC. Challenges are never one size fits all and solutions should be just as varied as the approaches to them should be.

1D-12.	Increasing Affordable Housing Supply.	
	NOFO Section VII.B.1.t.	
	Describe in the field below at least 2 steps your CoC has taken in the past 12 months that engage city, county, or state governments that represent your CoC's geographic area regarding the following:	
	1.	reforming zoning and land use policies to permit more housing development; and
	2.	reducing regulatory barriers to housing development.

**(limit 2,500 characters)**

1. Our county and Naples city governments have no interest in supporting affordable housing. The CoC, led by HHC, have and continue to present the needs of affordable housing and impacts of not having it.
2. County Commissioners directly told the CoC they will never support density changes needed in the county to develop affordable housing. The County received \$74.6 million in ARP funding and are busy spending it on sewer improvements, marketing and tourism - allocating \$1.5 to homeless services which agencies do not want to take because the County Clerk does not pay invoices on time.  
 Collier County Government should be directly addressed by HUD and Washington DC to correct this poor behavior and unwillingness to help the CoC. For heavens sake please stop giving them resources and give them to the CoC where direct impact on homelessness can occur.

1. HMIS provides housing data including the system performance measures for the rank and review committee members. In this years NOFO we had one PSH program and the Shelter for Abused Women and Children TH-PH-RRH submitting; the shelter ran their data as part of their submission process to indicate performance of their program. The PSH program data enters into our local HMIS - HMIS runs an APR for their data.
2. HMIS has point of contact and exit to housing data points that are used for durational calculations. This information is reported to the CoC throughout the year and particularly to the rank and review committee.
3. The Shelter for Abused Women and Children and the PSH program, CASL, do have any barriers for program entry or exits to PH. In fact, both programs will seek additional resources, from the CoC, for their clients as they are exiting their respective programs to ensure the best possible permanent housing outcome.
4. The PSH program, CASL, prioritizes chronically homeless with mental health and or substance use disorders. This was done from the very beginning of their program inception. The Shelter for Abused Women and Children staffs to provide mental health and treatment services directly to their clients allowing them to provide program entry for the hardest populations to serve.

1E-3.	Promoting Racial Equity in the Local Competition Review and Ranking Process.

	Describe in the field below:	
1.	how your CoC obtained input and included persons of different races, particularly those over-represented in the local homelessness population;	
2.	how the input from persons of different races, particularly those over-represented in the local homelessness population, affected how your CoC determined the rating factors used to review project applications;	
3.	how your CoC included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process; and	
4.	how your CoC rated and ranked projects based on the degree to which their project has identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.	

(limit 2,500 characters)

1. All programs submitting utilize HMIS except the Shelter for Abused Women and Children - they provided us with a monthly aggregated data report, from the DCF WS Osnium data system, that gets reviewed by the CoC Lead Agency. This data is shared with the rank and review committee.
2. Our HMIS Lead Administrator, Nadja Joseph, is Black/African American. Nadja has led the process for the Racial Equity Reports since 2019 in our CoC. She is also a formally homeless single mother. Nadja collaborates across the CoC with community partners, including the Sheriffs Dept Racial Equity Division, to gather and understand their community impact and gaps in programs and services to underserved populations.
3. A CoC open solicitation went out to all CoC members to serve on the rank and review committee with an exclusion for those agencies that may apply for funding. We have a Hispanic female with the Sheriffs Dept, a Black/African American female Program Director from the Housing Authority, a faith-based (Christian) Caucasian male, a faith-based (Jewish) Caucasian female, a Caucasian female US Military Veteran, and a Caucasian male who serves as co-chair of the CoC Housing Subcommittee and also serves on the county government Affordable Housing Advisory Committee. These people volunteered for the role on the rank and review committee.
4. The rank and review committee members used the scoring tool that asks about system performance measures, compliance with local and federally based policies for ending homelessness which include racial disparity reviews, and has a public commitment to the Housing First model.

3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and	

4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.
----	---

(limit 2,500 characters)

1. The CoC reallocation process covers unspent funds, voluntary return of funds, and in-voluntary return of funds. All programs funded by the CoC are subject to performance reviews; the reviews include review of their HMIS or similar data for durations to housing, racial equity, and sustainability once placed into PH/PSH. If the program does not fully spend down their funds they can be reallocated by the CoC with notice, the program can voluntarily return funds they do not believe they will 100% spend down, and finally the CoC reviews their system performance measures places the program on a CAP and if the CAP is not met the CoC will reallocate the funding. All reallocation processes always include data and system reviews of the program.
2. None were identified.

**(limit 2,500 characters)**

1. The CoC separated the Initial Access, data collection, from the Coordinated Entry Housing Resource Assessments. The NEEDS and IMPACT assessments are part of the Housing Resource Assessment - both ask questions around risk, barriers, and the clients desired pathways to permanent housing.
2. The CoC continues to prioritize homeless diversion and homeless prevention as measures to keep people stably housed. Every households need is different for remaining housed; the CoC works from a client-centered, flexible pivot-step approach to address the needs of each household when possible. The CoC partnered with a 20th Circuit Court Judge to develop an Eviction Prevention Committee. The Eviction Prevention Committee consists of the Judge, County Clerk's office, Legal Aid, private attorneys, County ERAP Manager, Salvation Army Homeless Prevention, HELP HUD Housing Counseling, and the Hunger & Homeless Coalition of Collier County. Our CoC takes its role as leader of strategic planning seriously; the CoC brings best practices from USICH, NAEH, DCF, and HUD to the continuum for implementation. The most recent training, NAEH System Design Clinic, brought about diversion and rapid rehousing changes that are being implemented during 2022. Some of these changes targeted earlier prevention engagement with our county residents through publicity of CoC resources and meeting with leaders with underserved population groups like NAACP, Naples Pride, Immokalee Agriculture Workers Coalition to name a few.
3. Michael Overway, Executive Director for the CoC Lead, Nadja Joseph, HMIS Administrator of the CoC HMIS Lead, Michael Puchalla, HELP Executive Director and CoC Executive Committee Chair all work collectively to bring resources and ensure the community is aware of those resources.

<b>2C-2.</b>	<b>Length of Time Homeless—CoC's Strategy to Reduce.</b>	
	NOFO Section VII.B.5.c.	
	In the field below:

**(limit 2,500 characters)**

1. Working with developers and inviting PSH providers to bring more affordable housing units, reduce the emergency shelter's waitlist by earlier engagement of diversion funds, providing resources through the Eviction Prevention Committee, expand resources through private funding, and sharing resources more collaboratively across the CoC. The CoC has fully embraced Housing First which has helped the CoC engage earlier those clients who can be the hardest to rehouse. The adopted Housing First strategy (2019) includes the removal of barriers around income, mental health, substance use disorder, and legal. For years the CoC approached Housing First as "program" type verses more recently adopted whole system approach to preventing and ending homelessness.
2. The CoC developed a Coordinated Entry system in 2017 and immediately incorporated the VISPDAT system of prioritizing clients for housing resources. During 2021 word came out that Coordinated Entry system may have equity discrepancies built into it, so the CoC abandoned that process. Over a seven month period of time the CoC hired consultants, underwent trainings, and developed a new Coordinated Entry system to include an Initial Access (Phase 1) and a Housing Resource (Phase 2) assessment process. Several other CoC's have asked the Collier CoC for copies of our process to review. The Phase 1 and 2 processes produce the By Name List data used weekly to prioritize clients for housing resources.
3. The Hunger & Homeless Coalition of Collier County oversees and leads the Coordinated Entry system - the CoC appointed the Coalition to lead this process.

	NOFO Section VII.B.5.d.	
	In the field below:	
	1. describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;	
	2. describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.	

**(limit 2,500 characters)**

1. The CoC fully adopted and trained on the Housing First model which brought clarity to earlier engagement as well the elimination of program identified barriers. Continued trainings, program evaluations, and CoC adopted strategic changes including the "Triple Aim" of ending homelessness.
2. It starts with ensuring clients have barrier-free access to any and all services they deem as important to their own housing success. While the CoC is underfunded to perform fulltime case management reviews of all clients in PH and PSH programs it does work to monitor those that were considered most vulnerable when they were homeless. The CoC has created new client follow-up collaborations through local, private, funding,

**(limit 2,500 characters)**

1. Integration of employment services with homeless prevention and rapid rehousing programs became a standard practice in 2018. Additionally, the Hunger & Homeless Coalition of Collier County sought and was awarded by HUD CoC capacity development trainings like The National Alliance System Design Clinic and SOAR trainings to enhance opportunities for mainstream benefits to be introduced into rehousing programs in the CoC.
2. In addition to the answer in question 1 the CoC also refers clients to empowerment programs through Catholic Charities, Guadalupe Social Services, and Workforce Florida. Referrals are followed up on to ensure access was provided to the client.

1. Providing those experiencing homelessness with access to Medicaid, Medicare, and other non-cash benefits is done through the HMIS and Coordinated Entry referral processes. Ensuring access is a primary strategy of the CoC so if a client does not have access SOAR trained case workers will assist with the application process.
2. The Hunger & Homeless Coalition of Collier County.

## 4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

- |    |   |
|----|---|
| 1. | You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.  |
| 2. | You must upload an attachment for each document listed where 'Required?' is 'Yes'.  |
| 3. | We prefer that you use PDF files, though other file types are supported—please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube. |
| 4. | Attachments must match the questions they are associated with.  |
| 5. | Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process.  |
| 6. | If you cannot read the attachment, it is likely we cannot read it either.   |
|    | . We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).   |
|    | . We must be able to read everything you want us to consider in any attachment.   |
| 7. | After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.  |

ONE COLLIER: A COMMUNITY ALLIANCE TO PREVENT & END HOMELESSNESS IN COLLIER COUNTY

# 2022 HUD NOFO Applicant & COC Timeline

## **Collier County CoC Rank and Review Policies and Procedures**

Eligible proposals will be prioritized for inclusion in the CoC's coordinated application by the Rank and Review Subcommittee acting as the review and rating group. Applications not scoring high enough and not meeting the threshold requirements will not be placed on the project funding request (Priority Listing) as part of the Consolidated Application (Formerly Exhibit 1). These policies and procedures are updated on an annual basis following the release of the HUD NOFA.

This subcommittee will consist of individuals in the community who have interest in the Continuum of Care process and aware of housing needs in the jurisdiction. They may have no conflict of interest, thereby they may not be an applicant or applicant service partner for the funding cycle of HUD's Continuum of Care NOFA. This subcommittee will utilize CoC established criteria to thoroughly review and score applications to assure accurate, strong applications in response to identified community gaps and needs. The subcommittee will have an appointed Chair under the direction of the CoC.

### **Committee Requirements and Procedures**

- Members must declare they have no conflict of interest
- Members must fairly represent all areas of the jurisdiction.
- Members must be appointed every year by CoC vote.
- Members must dedicate time for application review and committee meetings (approximately 10 hours).
- Members (3-5) are given: information pertinent to the CoC; role of the Review Subcommittee; review of the scoring tools and resources
- Review Subcommittee members review eligible application proposals and scoring materials.
- CoC administrative staff prepares a summary for each project application to assist the subcommittee in their work.
- Prior to the review and rating meeting, members prepare and note any questions/comments.
- If the CoC staff have any knowledge that could lead HUD to deny granting funds to a project, they will share that information with the Review Subcommittee. CoC staff will discuss this information with applicants as part of technical assistance provided to assist project development.
- The Review Subcommittee meets to review and discuss each application together and to individually score them. CoC staff is present at the Subcommittee meeting to record decisions of the Subcommittee and any comments/ recommendations they have for applicants.

- The Review Subcommittee discusses the merits of each proposal and rates the applications.
- Overall raw scores are recorded by CoC Staff.
- The Subcommittee considers adjustments for such issues HUD incentives or requirements, and project findings.
- The Subcommittee considers proposal changes or project budget adjustments that may be required to meet community needs.
- The Subcommittee determines the rank and funding levels of all projects considering all available information.
- During deliberation, CoC staff will provide technical assistance by responding to questions of the Subcommittee members, correcting technical inaccuracies if they arise in conversation, and reminding the Subcommittee members of their responsibilities if they step outside their purview.
- Scoring results are delivered to applicants with a reminder about the appellate process.
- Each applicant receives feedback on their proposals on technical issues and changes needed by CoC staff.

Applicants are asked to correct any technical issues or content issues in their applications and send them back to CoC staff before final submission to HUD. Applications which do not meet the threshold requirements will not be included in the Priority Listing in the Consolidated Application, and therefore will not be forwarded to HUD for consideration. If more applications are submitted than the CoC has money to fund, the lowest-scoring applications will not be included in the Priority List in Exhibit 1, and therefore will not be forwarded to HUD for consideration. The Subcommittee may reallocate funds in whole or in part from projects to create new projects that would improve Continuum system performance (for more details, see “Policy for Reallocation”).

### **Policy for Reallocation**

Reallocation is when a CoC shifts funds in whole or part from existing eligible renewal projects to create one or more new projects without decreasing the CoC's Annual Renewal Demand (ARD). New projects created through reallocation must meet the requirements outlined in the annual NOFA. The Rank and Review committee may review funds from renewal projects for reallocation if renewal projects have:

- Low bed utilization rates
- A history of returning high percentages of project funds ( $\geq 15\%$ ) to HUD
- A history of serving ineligible clients
- Underperformed on APR goals without reasonable cause (indicated in monitoring reports)
- Continue to manage project models that are low priority for the CoC and/or HUD

Renewal project applicants who have a portion of their proposed budget decreased or rejected by the CoC will receive notification by letter from the CoC at least 15 days before the final submission of the consolidated application. Rejected projects will also be notified at least 15 days before the final submission of the Consolidated Application.

### **Policy for Appeals of Rating/Ranking**

*Eligible Appeals.* The application of any applicant agency which a) is unranked, or b) receives decreased funding (e.g. projects receiving reallocated renewal funds) may appeal.

- Applicants that have been found not to meet the threshold requirements are not eligible for an appeal.
- Appeals cannot be based upon the judgment of the Review Subcommittee.

Applicants may appeal if they can:

- Prove their score is not reflective of the application information provided; or
- Describe bias or unfairness in the process, which warrants the appeal.

All notices of appeal must be based on the information submitted by the application due date. No new or additional information will be considered. Omissions to the application cannot be appealed.

Per 24 CFR 578.35(b), project applicants that believe they were not allowed to participate in a fair and open process and that were rejected by the CoC may appeal the rejection directly to HUD by submitting as a Solo Application prior to the application deadline.

Any questions regarding this policy must be directed to the current chairperson of the Continuum of Care Executive Committee. To inquire about contact information please email Michael Overway, Executive Director, of the Hunger & Homeless Coalition of Collier County at [executivedirector@collierhomelesscoalition.org](mailto:executivedirector@collierhomelesscoalition.org)
